

Dear Friends,

Bay View Lodge is located on the south shore of **Rush Lake** in the **Whitefish Chain**, one of the best known lake chains in the state. We are on a smaller lake between Whitefish and Crosslake. Our bay is always calm and excellent for fishing or boating. The large **sugar-sand beach** at Bay View Lodge features a **volleyball net**, **bonfire ring**, picnic area, and **wood-fired sauna**. Enjoy swimming, **paddle-boating**, **kayaking and canoeing** at no extra charge. Non-swimmers and youngsters can enjoy the clear water of Rush Lake in the safety of our roped-off swimming area. Further out is a **raft** for more able swimmers. **Fishing** enthusiasts will appreciate the variety of game fish in the 14 lakes, 13,000 plus acre Whitefish Chain, including walleye, northern, bass, and panfish.

There is plenty of wildlife in the area. After dark you may see deer along the side of the roads and we also have a family of fox living right down the road from here. There are loons on the lake and you can hear them calling to one another, especially in the early morning and late evening. There are also hummingbirds galore feasting on the nectar from our feeders. Also looking for handouts are little chipmunks, which live under the decks.

Bay View **Lodge** offers other recreational activities including **horse-shoes**, table tennis, pinball, video games, movies, and a pool table. The resort is close to racetracks, water slides and other **attractions**. Fine dining and shopping are nearby, as are churches of many denominations. Please join us for a **memorable family vacation** in one of nature's beauty spots.

Cleanliness and friendliness are guaranteed!
